Gladiolus - - - Spring 1951

Introductory Message

FIRST of all I wish to take this opportunity to thank all our customers for their business and their confidence which helped make 1950 a most memorable year for us. It would be most appropriate, we know, to write an individual letter of appreciation to each of you, but that of course would take too long, with the hundreds of friends with whom we do business. However, we want you to know that you have played no little part in the success of our operations and hope we have played a part in yours.

The year ahead is going to be a year of big decisions, of new problems and responsibilities for all of us. We look forward to working with our friends and to help them in every way to make the days ahead more bright and cheerful with flowers. Glad growing is a wonderful hobby and is yours to enjoy at very little cost. Our prices have not been raised in spite of the steady increase in cost of operation. Under no circumstances regardless of the demand, will the quality of our bulbs be sacrificed. We are working constantly on new ideas to improve wherever possible the already superior quality of Croix Farms' bulbs.

Thank you . . . and best wishes for 1951.

Special Collections

Our gladiolus collections have been unusually popular in past years, many preferring to order their bulbs in this way. Collection prices are considerably below the cost of the same varieties if they were purchased individually from the regular price list. We have placed the finest varieties in these groups and a good selection of colors. All come to you correctly labeled. Because of these very low prices no further discounts are allowed. However, any way you figure it, these are the best values ever offered anywhere.

Extra Super Value: We guarantee to add extra bulblets of these same varieties (our selection) up to values of \$1.50 to \$2.50. Perhaps more—just try us.

How To Order

DISCOUNTS

Please note that the discounts apply only when cash is remitted with the order. No discounts are allowed on Collections, on varieties marked "Net," or on wholesale orders.

Cash Discounts

10% on orders from \$ 3.00 to \$ 5.00
15% on orders from 5.00 to 15.00
20% on orders from 15.00 and up

TERMS

Send remittance in full or 25% deposit; balance before shipment. Transportation charges prepaid on retail orders of \$2.00 or more. Under \$2.00, add 25c to cover handling costs and transportation charges. Do not send remittance in postage stamps as they cannot be exchanged for cash. As the planting and care of all bulbs sold by us are beyond our control, we cannot be in any way responsible for the results after planting.

QUALITY STOCK

Cheap prices are only made possible by inferior methods of growing or by careless handling of stock after digging. Such practices will be inevitably reflected in the quality of flowers produced. We have tried to meet fair competition and at the same time offer stock that is of the highest quality obtainable. Our prices, we believe, are as low as those of any other reputable grower and our discounts even greater.

MISCELLANEOUS INFORMATION

Large bulbs are $1\frac{1}{4}$ inches or more in diameter but in most cases will be $1\frac{1}{2}$ to 2 inches, medium bulbs $\frac{3}{4}$ to $1\frac{1}{4}$ inches and small bulbs $\frac{1}{4}$ to $\frac{3}{4}$ inch. When there is a figure before the price such as 2-.15 it means 2 bulbs for 15c. Five bulbs sold at the 10 rate.

CULTURAL DIRECTIONS will be included with each order when requested.

Extra Bulbs

We have always been very generous in giving extra bulbs and over-count which are included with each order. No change in this policy is contemplated this season. So just give us a trial and we will endeavor to more than please you.

Tips from One to Another

LEGUMES HARMFUL TO GLADS

Extensive research the past few years by plant pathologists have proved that virus diseases of gladiolus are transmitted from various legumes, chiefly beans, peas and certain sweet clovers. Aphids or plant lice feeding on the legumes and then feeding on the glads will infect these plants.

Virus can also be conveyed from one glad to another. For that reason destroy all plants that show mottled foliage or discoloration of blooms. Disease symptoms will show up the same season that infection is spread. Include along with your thrip sprays, a contact insecticide for killing the aphids, such as Black Leaf "40" or similar product.

QUALITY PAYS

The quality of Croix Farms bulbs has been carefully and surely built. But careful buyers are skeptical buyers. They need proof. They are not always willing to take the word of a grower himself. We will say this, however, that the demand for our bulbs is increasing year by year, and with more practical and efficient growing methods we can offer these high quality bulbs at well below what is being asked for comparable quality.

SOIL

Any good garden soil will grow glads—not too light or too heavy and slightly acid is best. Your State Agricultural Department can test it for you, telling you the degree of acidity and if lacking in certain fertilizer elements. Don't plow or spade your soil in the spring if it is too wet. Wait until it crumbles under pressure in your hand. Thorough working the soil so that it is pliable is necessary.

PLANTING

Large bulbs should be set 5 inches deep, medium bulbs 4 inches, small bulbs 3 inches and bulbets 2 inches. In extremely sandy soil plant a little deeper. For exhibition plant 6 inches apart—for home or commercial use, plant large bulbs 4 to the foot and closer for smaller bulbs. For best results plant in rows like vegetables and in a sunny location that is free of tree and shrub roots. They can also be grown in flower borders if not crowded too close among other plants.

Gladiolus Bulb Dips

NEW IMPROVED CERESAN

1-oz. new Improved Ceresan; 3 teaspoons of a spreader sticker; 3 gallons of water. Mix the Ceresan and spreader together, then add a small amount of water, stirring until a smooth paste is secured, after which add the remainder of water. Use a wooden paddle for stirring and don't get the concentrated mixture on the hands, as it can cause serious burns. Bulbs treated in the weakened solution can be handled without harm. Soak bulbs for 15 minutes, bulbets for 30 minutes and plant immediately.

LYSOL

4-tablespoons Lysol to 3 gallons of water or 1 pint Lysol to 25 gallons of water. Soak bulbs 3 to 6 hours and bulbets 12 to 14 hours. Plant same day, while wet if possible.

CALOGREEN

The use of Calogreen as a dip for the control of neckrot and scab on Gladiolus bulbs has been found very successful. It takes 1 lb. of Calogreen to 10 qts. of water or approximately $1\frac{1}{2}$ oz. to 1 qt. of water. Stir vigorously to wet the particles so that they will better stay in suspension. Place the bulbs in a screen container and submerge them into the solution. Soak them for about 5 minutes, then remove and drain for a short time before planting. Plant wet. If large quantities of bulbs are to be treated the solution will have to be strengthened by the addition of Calogreen from time to time. Stir the solution after each dipping. After treatment the remaining Calogreen will settle to the bottom and this can be recovered for future use by filtering or drying. This is a very easy dip to use.

Summer Control of Thrip

Apply a 5% D.D.T. dust to plants, beginning when growth is about 6 to 8 inches high. Use every 10 days until blooming. If a liquid spray is preferred, mix 1 oz. of 50% D.D.T. with 3 gallons of water. The addition of 2 teaspoons of Dreft or other standard spreader is advisable.

Winter Control of Thrip

A light dusting of 5% D.D.T. on the bulbs in storage is most effective. About $\frac{1}{4}$ oz. to 1 peck of bulbs is sufficient.

FERTILIZER

Scientific experiments have proved that indiscriminate use of commercial fertilizers actually can be harmful to the plant and makes them more susceptible to disease. It also causes a delay in blooming. The best method is to prepare your soil the year previous to planting, using animal manure, compost or green crops turned under, together with super phosphate. Most soils are not deficient in potash. If you have done this or used some other method to get your soil in good shape, it will not be necessary to use any form of fertilizer at planting time. One or two light side dressings of nitrogen applied during the summer will give you larger blooms. Another good practice is to fertilize at time of blooming or shortly after. The plant will take up this food and store it in the new bulb. Such bulbs will have the vitality to get off to a vigorous start the next season. A final precaution—it is better not to use any fertilizer than to use too much.

WATER

It is the water content in the soil that makes the nutriment available to the plant. For that reason it is important that your glad beds never dry out. If you want show blooms, use plenty of water. Frequent light applications is not good—one inch of water applied with overhead sprinklers is best.

All bulbs grown by Croix Farms are protected from damage due to drought by overhead irrigation. The right amount of moisture applied at the correct time definitely makes plumper bulbs that will produce finer blooms.

SUCCESS WITH GLADS

Start with young vigorous, disease free bulbs. Soil should be well supplied with humus, applied a year in advance if possible. Plant in full sun away from tree and shrub roots. Cultivate frequently, very shallow from mid-summer on. A three-inch mulch on top of the ground when plants are fifteen inches high is excellent. Water is very important, applying at least one inch every 5 to 7 days depending upon rainfall. Glads are easy to grow and if you will follow these few simple recommendations you will be surprisingly rewarded for this little extra effort.

Descriptive Price List

Retail items are all prepaid.

	Per	Large	Med.	Small	Per	Blts.
ABIGAIL (Myers) Light lavender similar to Minuet. Good growth with medium size florets.	1	.20	2-.20	5-.25	25.	.25

	10	.70	.40	.25	200	.50
BEAUTY'S BLUSH (Fischer) Cool, soft blushing pink or pale flesh. Florets open flat and neatly arranged on a tall spike. We like this very much.	2	.25	3-.25	5-.25	35	.25
BELLE JAUNE (K & M) Solid self-color medium yellow, slightly waved. Tall wiry stem. Very early and excellent cut flower.	1	.20	2-.25	4-.25	25	.25
	10			.70		
BELTRAMI (Lins) Golden-brown to rose-mulberry. Large ruffled and fluted blooms. Fine smoky.	2	.20	3-.20	6-.20	35	.25
BENARES (K. & M.) Deep pink with carmine feather on lower petals. Vigorous grower. Good cutter.	1		1.00	.50	10	.50
BENJAMIN BRITTON (K. & M.) Deep toned lavender approaching light purple. 5½ inch florets with 6 to 8 open. Early flowering, strong grower and good propagator.	1	.50	.35	.25	10	.50
	10		2.80	2.00	100	3.50
BETTY'S CHOICE (Harris) Delicate shade of deep rose with a creamy white throat. Very lovely.	4		.25	5-.20		
BETTY DUNCAN (Benedict) Glowing orange blending to a golden throat. One of the best new oranges.	1		.25	2-.30	10	.25
BIRCH RED (Rich) Satin deep crimson. 7 open florets in double row. Tops in this color.	1		.40	.25	10	.40
BLACK OPAL (Errey) Velvety dark red. Best in this color. Tall.	3	.25	5-.25	10-.25	75	.25
	10	.70	.40	.25	200	.50
BLUE BOY (Butt) A very fine blue violet with darker blotch. Good grower and should become a good commercial.	1	.50	.35	.20	8	.25
BONFIRE (Fischer) Vivid vermilion scarlet. Opens 8 on a tall spike. A good cut flower.	1		.35	.25	4	.25
BOULOGNE (Salmon) Large silky wine-red florets. A good grower. Opens 8. One of the best.	4		.25	10-.25	75	.25
BURMA (Palmer) Heavily ruffled deep rose. Large; tall.	2	.20	4-.25	10-.25	75	.25
	10	.80	.50	.25	200	.50
C. D. FORTNAM (Kadel) A beautiful, heavily ruffled blush pink. Opens 10 florets of firm substance. Tall. One of the most beautiful.	1		4.00	3.00	1	.50
CAMROSE (Twomey) Soft shell-pink; cream throat. No markings or flecking. Tall spikes. The most beautiful and decorative soft colored Glad.	3	.25	5-.25	10-.25	75	.25
	10	.70	.40	.25	200	.50
CHAMOUNY (Baerman) Light cerise-rose. Distinctly different.	2	.20	4-.25	10-.25	50	.25
	10	.80	.50	.25	200	.75
CONNIE G (Woods) An outstanding deep cream with soft yellow throat. Could be classed as a light warm yellow. Heavily ruffled 6 inch florets of waxy texture. Tall. A great Glad.	1	2.00	1.50	1.00	2	.30
	10			8.00	10	1.20
CONVOY (Palmer) A nice shade of clear smooth purple. Opens 7 large slightly waved blooms.	4		.25	10-.25	75	.25
CORDOVA (Palmer) Waxy salmon-pink. Opens 8 round florets. One of Palmer's best introductions.	1		.60	.40	4	.25
CRINKLE CREAM (Ellis) Large ruffled light yellow. Very good.	2	.25	3-.25	6-.25	40	.25
	10			.40	100	.50
CYNTHIA (Graft) Net. A soft yellow that is very attractive. Tall grower and early flowering. Florets slightly recurved with a bit of frilling.	1	2.00	1.50	1.00	1	.30
					10	2.00
DELIGHTFUL (Carpenter-L. Fischer) A sport of orange delight but taller and a more smooth color of bittersweet orange. Strong grower.	5		.25	10-.25	50	.25
	10		.40	.25	200	.75
DIEPPE (Hassall) Beautiful velvety salmon scarlet, darker blotch. Good grower. Exceptionally fine.	2	.25	4-.25	10-.25	40	.25
	10	1.00	.50	.25	150	.75
DOROTHY ARMSTRONG (Beardmore) Net. A medium shade of purple. Strong grower with tall graceful spike. Fine cutter.	1	.30	.20	2-.20	10	.30
	10			.80		
DR. FLEMING (Holland) Soft rosy pink, white blotch. Very large ruffled blooms on tall spike. Extra fine.	2			.25	20	.25
	10			1.00		

	Per	Large	Med.	Small	Per	Blts.
DREAM CASTLE (Lins) Warm coral pink; lighter throat. Ruffled.	1		.20	2-.25	10	.25
ELIZABETH THE QUEEN (White) Clear mauve; darker lines. Beautifully ruffled.	2	.20	4-.25	10-.25	75	.25
	10	.80	.50	.25	200	.50
ETHEL CAVE COLE (Cave) Large light pink. Tall strong grower.	3	.25	4-.25	10-.25	75	.25
	10	.70	.50	.25	200	.50
EVANGELINE (Palmer) A very beautiful pink or almost buff pink. Soft creamy throat adds to its beauty. Large nicely ruffled florets on tall spike. One of the very best.	1	1.00	.60	.40	4	.25
					10	.50
FAIRY BUTTERFLY (Sommers) Blend of pink and creamy buff. Small flowered type. Tall and early. Very fine.	2	.20	4-.25	10-.25	50	.25
	10	.80	.50	.25	200	.75
FEUERREITER (K & M) Rich vermilion red. Large open flowers of heavy texture, well placed. A very fine new red.	1	.75	.40	.20	15	.25
	10		3.20	1.60	100	1.25
FIRMAMENT (K. & M.) A fine new light blue violet. Nice early blue commercial.	2	.25	3-.25	5-.25	30	.25
	10	1.00	.70	.40	100	.70
FLORENCE NIGHTINGALE (Harris) Glistening pure white. Ruffled florets nicely arranged on tall tapering spike. One of the better new whites and a fine commercial.	1		.20	2-.30	5	.25
					10	.40
FRIENDSHIP (Fischer) A pure pink blending to a waxy cream white throat. Medium decorative ruffled blooms on a slender tall spike. One of the finest pinks. Similar to Tivoli but smaller.	1	.50	.35	.25	10	.50
	10			2.00		
GARDENIA (Scheer) Creamy white. Tall wiry stems. Good cut flower.	3	.25	5-.25	10-.25	75	.25
	10	.70	.40	.25	200	.50
GENERAL EISENHOWER (Salmon) Brilliant begonia-rose, very tall with huge florets. Very worth while.	2	.25	4-.25	10-.25	100	.35
	10			.25		
GENERAL MARSHALL (K. & M.) Deep scarlet with creamy blotch. Large florets, tall stem. Early cut flower.	1	1.00	.60	.35	10	.35
GLEAM (Fischer) Heavily ruffled light yellow. Heavy substance of waxy texture. Unusual.	4		.25	10-.30	50	.25

MONEY SAVING DISCOUNTS

Why We Can Lower Prices

We believe our discounts to be the most generous offered anywhere. (See discounts on opposite page). Please note that you deduct the discounts in actual cash and not in extra bulbs as offered in most Glad catalogues. Then too, considering the high quality of our stock, together with our very reasonable catalogue prices and your conclusions will be—"It's a bargain!" However, our lower prices and outstanding discounts are not made at the sacrifice of quality but rather through keeping the catalogue cost down to a minimum, coupled with other money saving practices. We are happy to pass on these savings to our customers.

Gladiolus Chatterbox Review

AGAIN this season we will attempt to evaluate in this review the relative merits of the various varieties we grow here at Croix Farms. These remarks are based on observations as noted in our field trials. Our soil is a silt loam and the performance of some varieties may differ in other types of soil or in different climates. We give you this review, however, in the hope that it will be interesting reading and that it will assist you in the selection of varieties.

WHITE—We had many good whites perform for us the past season. Needless to say, *Florence Nightingale* was outstanding as usual. Consistent easy growing *White Goddess* is making many friends. Ruffling adds to its beauty. On one year's trial, *Morning Kiss* looks like a coming commercial. It's worth a trial. *Swing* would rate high if it had better attachment. We like *Mt. Index* as an early cutter. It's very tall, too. *Nova Zembla* was especially nice and it's pure white. *Roosevelt's Memory* produced marvelous large spikes the past season. For contrast, tiny *Starlet* is a decorative delight. *Silver Wings* is still rightly very popular. *Snow Princess* and *Margaret Beaton*, though older, are excellent cutters.

CREAM—Prof. Goudriaan was large and with excellent form should be valuable for both exhibition and commercial use. Ruffled *Connie G.* is simply out of this world but has disappointing habits at times. *Salmon's Glory* is very showy and well liked. *Leading Lady* is still a leader—a great winner in this class. *Oriental Pearl* and *Lake Placid* still command attention. We like *Lady Jane* for cutting.

YELLOW—The yellow class has been greatly strengthened the past few years. *Spotlight* has commanded the No. 1 spot but is being hard pressed by fine newcomers. Pure deep yellow *Gold* looks very outstanding and along with *Golden Favorite* should give *Spotlight* real competition. *Rheingold* also looked good on first trial. We like the dazzling *Manchu*—it's different. If you like light yellow, no doubt you will like *Cynthia*. *Auricle* is a frilled beauty, also in the lighter shade. *Gleam* is lovely but short. Two early cutters of note are *Belle Jaune* and *Yellow Herald*, the latter being well frilled too.

BUFF—*Patrol* is a show winner and you will like its easy opening qualities. The showy *Pactolus* is the most spectacular. Its prominent scarlet blotch on a warm buff is very different. *Sunspot* is grand and backed up by a good show record. Cheerful *Sunlight* was also good. *Kawatiri* can best be described as elegant. Same can be said of ruffled *Arethusia* and it's early too. Dainty Fairy *Butterfly* is really graceful and gives us a very early pastel.

ORANGE—*Orange Gold*, a true orange, was a favorite with us the past season. One of the 3 or 4 best glads in our fields. *Midsummer*, a salmon orange, should become a great favorite when better known. *Betty Duncan* is gaining favor each season and is tops in its class. Splendid color but on the salmon shade. The new deep-toned *Huahina* looked good on limited trial. *Henri de Greeve* should become popular when stock is available. Older favorites, *Gratitude* and *Trocadero* are well worth a place in any garden. *Lantana* is a bit short but a grand color.

Special Awards

We have never published a complete list of all our show winnings but we would just like to point out here some interesting highlights. Over a period of the last 10 years, Croix Farms have been awarded 18 medals, including 2 gold, 7 silver and 9 bronze. These have been received from the following Gladiolus societies: New England, American, Canadian and Minnesota; also the Midwest Glad Show, American Peony Society, Pennsylvania Horticultural Soc., Minnesota Horticultural Soc. and Minnesota Peony and Iris Soc. In addition to the medals we received 15 silver cups and vases, 4 engraved plaques and countless numbers of ribbons given for sweepstakes, championships and special awards. We are proud of our show achievements. Our customers can do likewise if they plant championship stock.

SALMON—*Polynesia* is here to stay. It's a great glad of pure live salmon. An outstanding commercial type and yet it's winning firsts in major shows. *Cordova* is one of Prof. Palmer's best and I am sure it will be well received. *Victory Queen* is a real beauty both as to color and style. *Dieppe*, classed deep salmon, could pass for light scarlet. A great glad that should place in the first ten of anybody's list. *Harmau* is similar but not so brilliant or as large. *Spic and Span* is another great. You will be thrilled with its wonderful spikes.

SCARLET—*Red Wing* has more than lived up to its reputation in our fields. Its pleasing glossy florets are slightly ruffled. We have a fine addition to this group in *Gen. Marshall*. It is a deep scarlet with creamy blotch. Very large and early too. *Bonfire* is perhaps the most brilliantly colored of all glads. We had wonderful blooms from *Je Maintiendrai* the past season. It was large and impressive.

PINK—*Silcherlied* was one of the finds of the season. A Holland variety of much promise and said to be more beautiful than *Tivoli* by one American grower. Time will tell. *Skyway* is a color marvel. One of my favorites and an early commercial. *Friendship* is another beauty. Lacy ruffling and white throat add to its beauty. Deep pink *Benares* from Holland looked promising on one year's trial. *C. D. Fortman* was outstanding in the flesh pink range and the ruffling adds to its beauty. In the same light true *Beauty's Blush* was excellent. *Gen. Eisenhower*, *Phantom Beauty* and *Treasure Island* are all very different but all very fine. *Pandora* has been somewhat overlooked by many but it is a mighty fine glad. *Camrose* has that freshness of tone and along with *Ethel Cove Cole* are good florist colors.

RED—The satiny deep crimson *Birch Red* is really something to see. However, I advise not to brush aside the older *Red Charm*. It still can battle with the leaders. One of the most brilliant is *Feuerreiter*, a fine vermilion red. Ruffled *Red Rascal* should become a favorite. In the black reds, *Velvet Mantle* is especially fine and it can take the heat. The older *Black Opal* can still stand up with the best.

ROSE—*Tivoli* is without a doubt one of the best ten glads—practically faultless. Classified as rose but believe it should be light pink. Same can be said of *Evangeline* as it is a beautiful pale light pink. Here we have large size combined with beauty. *Dr. Fleming*, from Holland, looks very promising. It's fine color is supported with ruffling, heavy texture and large size. *Adoration*, if planted early, is another light-toned beauty. No doubt we will hear a lot about *Noweta Rose*. *Boulogne*, color near to American *Beauty* rose, is one of the better Holland varieties. Of course do not overlook the great rich-toned *Burma*. It is really something and I would class it in the first ten.

LAVENDER—*Elizabeth the Queen* still leads the parade in this group. It's an exquisite ruffled beauty. Nearest to true lavender is *Patrician*. If it continues to perform well it will rank with the leaders. *Benjamin Britten*, a deep-toned lavender approaching light purple, is very different and may become a valuable commercial. Dark mauve lavender *Parthiana* is a new giant. *Minstrel* also has giant florets being slightly ruffled and needle pointed. *Lavender Prince* is a good commercial as is the smaller flowered *Lavender & Gold*.

PURPLE—*Sherwood* greatly strengthens this class. This tall silky purple is really fine. Both *Lancaster* and the older *King Lear* are beauties and have real class. *Purple Supreme* is tall and reliable. *Convoy* possesses a very pleasing color.

VIOLET—*Ravel* is the most vigorous of all blues and a fine flower too. It is in big demand. In the medium tones we liked *High Life* and *Blue Boy*, the former being the taller. *Libretto* has the largest florets and is the lightest in tone. *Abu Hassan* is the darkest, like a blue-violet petunia, none like it.

GOLDEN FAVORITE (Holland)	2			.25	20	.25
Deep golden yellow. Very large, slightly ruffled florets. Tall. Very good.	10			1.00		
GOLD (Marshall)	Any size bulb, \$5.00 each. One bulb and 6 bubblets for \$10.00					
A sensational rich yellow. Neatly ruffled, heavy substance and rare beauty. Tops for a deep yellow.						
GOLD DUST (Pfitzer)	3	.25	10-.25	75	.25	
Very early deep yellow. Fine commercial.	10	.70	.25	200	.50	
GRATITUDE (Fischer)	2	.20	4-.25	10-.25	50	.25
Salmon orange with yellow blotch. Tall and strong. An improved Barcarole.	10		.50	.25	200	.75
HUAHINA (K. & M.)	1	2.00	1.50	.75	2	.25
Deepest orange with golden yellow markings. Florets well placed on tall wiry stem.					10	1.00
HARMAU (Both)	4		.25	10-.25	75	.25
Orange-red with rosy overtone. Ruffled.	10		.50	.25	200	.50
HELEN EAKEN (K. & M.)	1	.50	.30	2-.30	15	.25
Elegant cream, greenish sheen on lower petal. Six open on tall spike. Early and should be a good cutter.						
HENRY DE GREEVE (K. & M.)	1		.60	.30	10	.25
Beautiful salmon orange with carmine feathering. 20 buds with 6 to 8 open on a tall spike. Heavy texture. Strong healthy grower and good propagator.	10			2.40	100	2.00
HIGHLAND CHIEF (Mair)	1			.25	10	.25
Rich orchid lavender. Large florets. Very tall plant that may need staking.	10			2.00		
HIGH LIFE (K. & M.)	2	.25	3-.25	6-.25	20	.25
Tall high violet blue, deeper throat. Good grower. Very fine early blue.	10			.40		
INTRUDER (Graft)	1	.25	2-.30	3-.30	10	.25
Tall, large exhibition type. Flame or scarlet red. Very outstanding						
JEANIE (Pruitt)	2	.20	4-.25	10-.25	50	.25
Clear rich pink; creamy yellow throat. white midribs.	10	.80	.50	.25	200	.75
JE MAINTIENDRAI (K. & M.)	1	.30	.20	2-.25	15	.25
Velvety scarlet. Builds a tall fine spike with large florets. Good strong grower.					100	1.25
JOHANN STRAUSS (Salmon)	2	.25	4-.30	8-.25	30	.25
Attractive light cochineal-red. Very early. Twelve open on a tall flower head.	10			.30	100	.60
JOHAN VAN KONYENBURG (K. & M.)	2	.20	4-.25	10-.25	75	.25
Tall bright orange scarlet. Large showy blooms. Considered very fine.	10		.50	.25	200	.50
KAWATIRI (Pupich)	1		.25	2-.25	15	.25
Very large apricot and buff, shading to creamy yellow throat. Nothing to equal it in color. Sometimes crooks.						
KING LEAR (Palmer)	3	.25	5-.25	10-.25	50	.25
Ruffled reddish purple. Tall wiry stem.	10	.70		.25	200	.75
LADY BOO (Graft)	2	.25	4-.25	10-.30	30	.25
Pure shell pink with no markings. A very beautiful glad and good commercial.	10		.50	.30	100	.75

SPOTLIGHT

ROSE O'DAY

	Per	Large	Med.	Small	Per	Blts.
LADY JANE (Lake)	3	.25	5-.25	10-.25	75	.25
Cream with yellow lip petals. Slightly ruffled.	10	.70	.40	.25	200	.50
LAKE PLACID (Wilson)	2	.25	3-.20	10-.30	35	.25
Creamy white with light yellow throat. A fine spike. Some consider it better than White Gold.	10			.30		
LANCASTER (Palmer)	2	.30	3-.25	5-.25	25	.25
Clear dark purple. Opens 8 slightly ruffled blooms on a tall straight spike.	10			.40	100	.75
LANTANA (Palmer)	2	.20	4-.25	10-.25	50	.25
Orange & yellow shading to a golden throat. Good early cut flower.	10	.80	.50	.25	200	.75
LAVENDER & GOLD (Baerman)	3	.25	5-.25	10-.25	50	.25
Very early lavender with yellow throat. Opens 5-7 frilled blooms. Very fine.	10		.40	.25	200	.75
LAVENDER PRINCE (La Salle)	2	.25	4-.25	10-.25	50	.25
Slightly ruffled, lavender mauve. Tall, strong growing plant. Opens six.	10	1.00	.50	.25	200	.75
LEADING LADY (Johnson)	2	.20	4-.25	10-.25	.75	.25
Creamy white; yellow throat. Picardy sport and very fine.	10	.80	.50	.25	200	.50
LIBRETTO (K. & M.)	1	2.50	2.00	1.50	2	.50
The first blue to produce extra large flowers. Color light blue shading to lighter throat. Well formed round florets strongly attached to a good spike. Early.						
MAID OF ORLEANS (Pfitzer)	3	.25	5-.25	10-.25	75	.25
White, cream throat, fine commercial variety.	10	.70	.40	.25	200	.50
MANCHU (Beatrice Palmer)	3		.25	5-.25	40	.25
Brilliant yellow overlaid with a flush of pink. Small red blotch. Ruffled blooms on a tall wiry stem. Dazzlingly showy.	10			.40		
MARGARET BEATON (Twomey)	3	.25	5-.25	10-.25	75	.25
Snow white. Vermilion-pink blotch in the throat. A real wonder Glad.	10	.70	.40	.25	200	.50
MIDSUMMER (Pfitzer)	1		3.50	3.00	1	.75
Deep orange-salmon. Fine form and size. 8 open. Early cut flower. Excellent.						
MINSTREL (Palmer)	1	.25	2-.25	4-.25	20	.25
Lavender-pink, sometimes slightly flecked. The largest lavender. Very fine.						
MISS WISCONSIN (Kruger)	2	.25	4-.25	10-.25	40	.25
Deep lavender-rose. Very different.						
MORNING KISS (Hulsebosch)	1		.20	3-.25	25	.25
Clean, glistening white, faintly blushed. Inconspicuous pink brush deep in the throat. A good grower. Excellent cut flower.						
MT. INDEX (Miller)	2	.20	4-.25	10-.25	50	.25
White with distinct golden yellow blotch. Tall and dependable, even in the heat. Very early bloomer.	10		.50	.25	200	.75
NEW AMSTERDAM (K. & M.)	1	1.50	.75	.40	3	.25
Wine red with deeper color feathered blotch. 20 buds with 6 to 8 open. Tall, strong and upright.					10	.60
NOVA ZEMBLA (K. & M.)	1	.60	.40	.25	10	.25
Pure white. Long flower head on tall stem that never crooks. Very promising early white exhibition and cut flower variety.						
NOWETA ROSE (Fischer)	1		1.25	1.00	2	.40
Clear lavender-rose. A sensational winner. 12 open florets. Very large and fine.					10	1.50
ORANGE DELIGHT (Kundered)	5		.25	10-.25	50	.25
A small decorative that must be seen to be appreciated. Apricot-orange overlaid bittersweet orange. Blue ribbon winner.	10		.40	.25	200	.75
ORANGE GOLD (Marshall)	2	.25	3-.20	10-.30	40	.25
Rich clear orange. Tall robust grower. One of the best in this color.	10		.60	.30		
ORIENTAL PEARL (Carlson-Puerner)	4		.25	10-.25	50	.25
Beautiful clear cream. Very large, tall and strongest cream in existence.	10		.50	.25	200	.75
PACTOLUS (K. & M.)	2	.25	.20	6-.25	20	.20
Main color effect apricot-cream with orange red blotches on lower petals. 8 open well arranged blooms on tall spike. Very outstanding early variety.						
PANDORA (Beatrice Palmer)	3	.25	5-.25	10-.25	75	.25
Clear soft geranium pink. Opens 8 to 10 on a medium height plant. Very fine.	10	.70	.40	.25	200	.50
PATROL (Palmer)	1		.25	2-.30	15	.25
Golden buff or apricot, with golden throat. Opens 10 florets on tall spike. A winner.						
PARTHIENA (Hitchcock)	1	.50	35.	.25	5	.25
Very large slightly ruffled blooms on a large flower head. A very different shade of purplish lavender. Well recommended.						
PATRICIAN (Scheer)	1	.50	.35	.25	8	.25
Lavender self. The closest to pure lavender of any Glad. It will open 6 to 7 six inch florets on a tall straight spike. Good propagator. A grand lavender.	3	1.20	5-1.40	10-2.00	100	3.00
PETER PFITZER (Pfitzer)	1	.40	.20	2-.20	40	.25
Scarlet with yellow feathering on lower petals. Large well placed blooms on tall spike. Very fine.	10		.80		100	.50
PFITZER'S CENTURY (Pfitzer)	2	.35	3-.30	5-.25	30	.25
Light scarlet that opens 8 to 10 large flowers of heavy texture. Very distinctive.	10			.40	100	.75
PHANTOM BEAUTY (Bastian)	1	.20	3-.25	4-.20		
Light pink of formal type. 20 buds with 12 open on tall spike. Very fine.						
PICARDY (Palmer)	3	.25	5-.25	10-.25	75	.25
Clear soft salmon. One of the best of the older varieties and still very popular.	10	.70	.40	.25	200	.50

	Per	Large	Med.	Small	Per	Blts.
POLYNESIE (K. & M.) A pure salmon, deeper than Picardy. An ideal showy variety with all the qualities to become a great cut flower. 8 to 10 open, slightly ruffled blooms. Magnificent.	1	1.00	.75	.50	2	.25
					10	1.00
PRESIDENT TRUMAN (Salmon) Light bright pink. Very large flower with many open at once. Unusually fine.	4		.25	10-.25	40	.25
	10		.50	.25	100	.50
PROF. GOUDRIAAN (K. & M.) Very light cream, approaching white. Fine placement, with 8 strongly attached florets open. Excellent cut flower type.	1		1.00	.50	10	.60
PROSPERITY (Sylva) Light rose sport of Picardy. A fine tall grower that opens 8 large florets.	4		.25	10-.25	40	.25
PURPLE SUPREME (Wilson) Bright purple; lighter picotee edge.	2	.20	4-.25	10-.25	75	.25
	10	.80	.50	.25	200	.50
RAVEL (K. & M.) Tall violet blue with throat marking. Large florets of heavy substance. Extra fine.	2	.30	3-.25	6-.25	35	.25
	10	1.20	.70	.35	100	.65
RED CHARM (Butt) Slightly deeper than medium red. Many open well-placed blooms on tall spike. Good.	2	.20	4-.25	10-.25	75	.25
	10	.80	.50	.25	200	.50
RED PENNY (Kadel) Orange red. Has value as an early cut flower. Good grower.	2	.20		10-.25	50	.25
	10	.80		.25	200	.75
RED RASCAL (Graff) Intense light red with a soft sheen. Petals are very heavy and ruffled. Impressive.	1	.50	.35	.20	3	.20
					10	.50
RED WING (Wright) Rich scarlet, shading deeper in throat. Large, slightly ruffled florets well placed on a tall spike. Good propagator and will become a leading commercial.	1	1.50	1.00	.50	2	.25
	10			4.00	10	1.50
REWI FALLU (Fallu) Deep blood red. Very outstanding, though florets are rather loosely attached to spike.	5		.25	10-.25	75	.25
	10		.40	.25	200	.50
RHEINGOLD (K. & M.) Brilliant golden yellow, no markings. Slightly ruffled. Good grower. Late.	1	3.00	3.00	3.00	1	.75
					10	6.00
ROOSEVELT'S MEMORY (Salmon) Beautiful ivory white. Long flower head on tall stem. Huge florets of waxy texture. Very fine.	1	.35	.25	2-.25	20	.25
	10			1.00	100	1.00
ROSA VAN LIMA (Pfitzer) A light rose pink. Good commercial.	3	.25	5-.25	10-.25	75	.25
	10	.70	.40	.25	200	.50
ROSE CHARM (C. Fischer) Pure rose with cream throat and mid-ribs. Long tapering flowerhead on long slender stem. Early. A good basket Glad.	3		.25	4-.25	10	.25
	10			.50	100	.80
ROSE DELIGHT (Jack) Fine medium rose blooms on a tall wiry stem. A good early commercial.	3	.25	5-.25	10-.25	75	.25
	10		.40	.25	200	.50
ROSE O'DAY (Fischer) Unusual shade of lavender rose. Opens 10 florets in double row. Very distinctive.	2	.25	4-.25	6-.20	30	.25
	10			.30	100	.75
ROSY RED (Knight) Lovely shade of deep rose red. Florets of heavy substance on tall spike.	3		.20	5-.20	30	.25
RUTH ANN (Woods) Net. Lavender pink shading lighter in the throat, with a deep orchid blotch. Large heavily ruffled blooms. Unusually beautiful.	1	3.00	2.00	1.00	1	.25
	10		16.00	8.00	10	2.00
SALMAN'S GLORY (Salman) Rich creamy white with small cherry blotch. Large flowers and early bloomer.	2	.20	4-.25	10-.30	50	.25
	10		.50	.30	200	.75
SILCHERLIED (Pfitzer) Deep La France pink, bordeaux rose throat mark. Tall strong spikes, 8 five-inch florets open. Early. Very outstanding.	1	3.00	3.00	3.00	1	.75
					10	6.00
SILVER WINGS (Ritsema) A white sport of Picardy. Ruffled, wide open florets. Very beautiful.	4		.25	10-.25	50	.25
	10		.50	.25	200	.75
SHERWOOD (Pruitt) Tall, silky red-purple. Opens 8 florets on willowy stems. Fine cut flower.	1		.35	.25	8	.25
SKYWAY (H. W. Stevens) Bright medium pink, a color we like unusually well. 5½ inch florets. Opens 7 on a fine straight spike. One of the very best.	1	1.50	1.00	.50	2	.30
	10	12.00	8.00	4.00	10	1.00
SNOWFLAKE (Pfitzer) Large pure white, opening 6 to 8 well placed blooms. A healthy grower.	1		.20	2-.20	20	.50
	10			.80	100	2.00
SNOW PRINCESS (Pfitzer) A new white. Very outstanding.	3	.25	5-.25	10-.25	75	.25
	10	.70	.40	.25	200	.75
SPIC AND SPAN (Carlson) Ruffled deep pink florets on a 20 bud spike. Tall. One of the good new ones that stand the heat well.	1	.35	.25	2-.30	10	.25
	10			1.00		
SPOTLIGHT (Palmer) Medium yellow with small scarlet blotch.	2	.20	4-.25	10-.25	75	.25
	10	.80	.50	.25	200	.50
STARLET (Baerman) Tiny, frilly white blooms on a wiry stem. Very graceful and decorative.	2	.25	4-.25	10-.25	35	.20
SUNLIGHT (Spiller) Delicate pink which blends to a large golden throat, giving the effect of bright light orange. Slightly ruffled.	1	.25	.15	2-.20	10	.20
SUNSPOT (Roberts) Light apricot-buff with rose-red spot in the throat. 7 to 8 large ruffled florets open. Tall stems, good grower and propagator.	1	.35	.25	2-.25	10	.25
					100	2.00
SWING (K. & M.) Extra large florets of purest white. Florets well placed on a tall strong plant. Early blooming.	1	2.00	1.25	.75	2	.30
TIVOLI (K. & M.) A soft rose, opening 8 to 10 large, wide open, well placed blooms. Tall. Extra fine.	2	.25	4-.25	10-.25	50	.25
	10	1.00	.50	.25	200	1.50

	Per	Large	Med.	Small	Per	Blts.
TOPFLIGHT (LaSalle) Soft rose pink that is different. An extremely beautiful Glad with formal arrangement.	1		.50	.25	5	.25
TREASURE ISLAND (Lins) Light orchid pink. Large beautifully formed and ruffled blooms. Tall and always straight stem.	1	.40	.30	2-.30	10	.40
	10			1.20	35	1.00
TROCADERO (Lins) Clear salmon orange or pale carrot color. A very unusual color. Fine plant habits.	1	.40	.30	2-.30	10	.40
UHU (K. & M.) Smoky rose salmon, flaked bronze, with attractive cream throat. Large florets. 6 to 8 open on tall spikes.	2	.25	3-.25	4-.20	40	.25
	10	1.00	.75	.40		
VANGOLD (Van Voorhis) Deep yellow, no markings. Straight, tall stems. Early and good cut flower variety.	2	.20	4-.25	10-.25	40	.25
	10		.50	.25		
VELVET MANTLE (Fischer) Rich, lustrous dark red. Opens 7-8 florets on tall spike. Outstanding.	1		.35	.25	10	.25

Free Garden Information

Folder A, a product of the Minnesota State Horticultural Society, is a condensed form of garden information that is unusually useful and practical. We will send this to you FREE with every order of \$2.00 or more. It contains information on fruits, vegetables, flowers, trees and shrubs, giving recommended varieties and spray program for each. Controls are given for thrip, Rose blackspot, crown rot of Iris, blight of Peonies and Lilies, cutworms, pocket gophers, moles, rats, grasshoppers, dandelions, rabbits, mice and many other controls too numerous to mention. It also tells what plants are suitable for rock gardens, what plants endure shade, planting distances for fruits, and vegetable varieties recommended for the home freezer. In fact you will want to keep this folder handy for reference at all times.

Roosevelt's Memory

WHOLESALE PRICE LIST – Not Prepaid

We offer here a list of choice and newer Gladiolus that are "Tops" for growers, retailers and florists. They are silt grown in the St. Croix valley of eastern Minnesota. Hand cleaned and state inspected. All wholesale orders are filled with hand selected stock, the same as we do with retail orders. Our bulbs are clean and bright, disease and thrip free.

TERMS: Prices quoted are F.O.B. Hastings, Minn. All stock subject to prior sale. 250 bulbs at the 1000 rate. 25 bulbs at the 100 rate on items priced at \$5.00 per 100 or more. We ask 25% down payment with order and balance before shipment.

MARGARET BEATON

GUARANTEE

WE MAKE EVERY EFFORT to send out only disease free, true to name stock and are confident that the quality of our bulbs is equal to the best produced anywhere. However, as the planting and care of stock sold by us is beyond our control, we cannot be in any way responsible for results after planting. Any complaint must be made within 7 days after arrival of your order.

Our field plantings as well as the bulbs in storage are state inspected and have been certified to be free of disease and insect pests. In addition every bulb in every order is hand selected. We have many satisfied customers and are sure that we can please the most discriminating buyer.
